
**Suggested Feelings & Needs Beneath
Evaluative Words Frequently Confused with Emotions**
(What you think others are doing **TO** you)

These feelings and needs are suggestions only: this listing is neither complete nor definitive. It is intended as an aid to translating words, which are often confused with feelings. These words imply that someone is doing something to you and generally connote wrongness or blame. To use this list: when somebody says "I'm feeling rejected," we might empathically translate this as: "Are you feeling scared because you have a need for inclusion?"
